

May 17, 1933.

Hon. Guy B. Park,  
Governor of Missouri,  
Jefferson City, Missouri.

My dear Governor:

On the day of December, 1932, I sent you a letter regarding the appointment of Mr. Ernest O. Boone, of Kansas City, to the position of Superintendent of the State Industrial Home for Girls located at Tipton, Missouri, and Mrs. Boone, his wife, as Manager of the same Institution.

I am sure you are doing everything you can to take care of the good colored people who worked so hard for the Party in the last election.

Since writing you I understand that Mr. Boone has obtained the indorsement of Hon. James M. Pendergast, the Jackson County Democratic Club, Hon. Bryce M. Smith, Mayor of Kansas City, Judge C. A. Leedy, and many others mentioned on the attached letter.

I hope you will be able to give Mr. Boone's request a favorable reply. It will be appreciated, I am sure.

Very respectfully,  
LLOYD C. STARK.
