Mrs Powell:

Enclosed is a mimeographed news item that may be of interest.

Pursuant to your call last night, I will go to Ash Grove and make a speech in behalf of Stark and the entire Democratic ticket. I shall carefully prepare my remarks touching on National and State affairs. I shall stress the qualifications of Stark without mentioning wither Barrett or Hirth.

There are some things I want to say about both Barrett and Hirth but I want to counsel with Lloyd first.

I think Lloyd handled Barrett on the so called election frauds in fine shape. But Jess is not there on this by any means. He will get nasty about it yet. I have some definite ideas on how to handle Barrett

if he pursues the matter further particularly about his silly demand that Stark join him in informing the President and getting the Dept of Justice to investigate. As you know I am a former Dept of Justice agent Id know something about their procedures. I shall be glad to give Lloyd the benefit of anything I know.

Sincerely yours
