Dear Jay, Man, I can't imagine why I haven't had a letter but am glad for the cards any way. Bob & Woodie called today to say they had had cards also Pearl. Louise & Mack had lunch with me today at Italian Gardens, and we compared & read each others cards. Pearl says I will be considered the woman of mystery in the hotel because I reserve so many calls and when the men began to call oh my! Am enjoying my stay & so glad you are having a good time[.] Have not heard any more from Lynn. Love Chloe
