Nora, Dear, - The package came through in fine shape and supplied a need. Thank you. But don't add to it. Friend in Chicago sent platter to match. The little cups I sent, not as gift, just a little token of love. This is our gallery, I want you to see it on your next visit. Dorothy was over a few minutes yesterday, Thursday, I had the family to dinner. Hope you had a nice Christmas and wish you a very Happy New Year with [MS. illegible] and prosperity. Love to both from both. M.
