Board of Pardons & Paroles  
Washington D. C.

Gentlemen:

I am writing you in regard to the parole of Mr Otto P. Higgins, (Federal Penitentiary, Leavenworth Kansas) whose name is up for consideration at this time.

I have personally known Mr Higgins, as well as his entire family for many years and I can safely say that I highly recommend his parole and assure you that he will again become a useful citizen, going back to his publishing and printing business.

Mr Higgins has a very fine family and I believe that not only he but his family have suffered sufficiently to warrant any parole that may be granted to him.

I firmly believe, without doubt, that Mr Higgins should be granted a parole at this time.

Thanking you, I am

Sincerely  
Morton I. Newell
