F.B.I, K.C. Police Dept.

Mo.

To People Interested.

I've fear for my life for over 18 months simply because Chuck "Morgan" Casciopipa owes me 75.00. I lent him to Pay Judge Benanti, Lawyer when he was arested in a case concerning the Merchantdice found in his home, belonging to "Honer" Shoppe in K.C.K. 7th & Minnesotta Ave. He was afraid I would involve him. I also fear Gene McCrosky, a fugitive of justice at this time he is wanted on hold up, in Wictaw also because of his business transactions with "Porter" whom was robbed of jewlery (Diamonds) & money & Killed, because he thought my husband & I knew of this & the only way we knew of this was information furnished us by Mary Frick (Sherif Bast Sectary) who lived at Room 403 at Pickwick Hotel.

Tom "Morgan" Cascioppi, older brother of "Chucky" he worried about his rotten brother, warned us my husband & I that we were on the spot & he had stoped some one from Killing my husband & I several times so he says. He thinks the "Horners" cas has been Disposed of. This also Includes Gene McCrosky & Joe DiGiovana the one who was in business with Como Tavern at 13 & Grand Ave. Mr. George Carpenter, F.B.I. Man, Postal Inspector, has interviewed him about 8months ago. He has his Photo.

I also Fear, Tom & Sam Bonomo 1225 Indep. Ave. Brothers of my husband. Because they Both broke into my home at 1225 Indep. Ave. Nov. 29, 1943 & stole quite a bit of Merch. & wearing appral, beong to my husband & I. I never pressed charges because they were both my husband's brothers. they also wrote (Sam & Tom) with the pressure or Mrs. Josephine Bonomo (Mother) of Mario. She wanted money 1800, from my husband & I. I turned the letters to the F.B.I. We received 2 letters & brother 1 by mail, Oct. 14, 21, & 31, 1944, & again in Nov. 27, 1944 they again Broke into my home & stole Radios (3) clothing & Jewlery & household bylongs amounting to #3000. I didn't proscute because of them being brothers of my husband & my husband was ashamed to make Public of have such dirty, low cheap People for Parent 4 brothers, but they were had knowledge that we were wise to.

Dedication

To My darling husband Mario, who has filled lonely hours with Cherished memories I gratefully dedicate this letter, with hopes that it will bring one moments laughter to one who has spent so many hours of anxious waiting & fearing of my dear life.

[page 2]

Thier dirty, sneaking tricks, until it was impossable for us to live a 1225 Indep. Ave. E-2, any

longer. Please question them (3). They won't deny thier actions. Tom & Sam now have tried to catch me alone & I've managed to outsmart them (3) differt times, Tom has a Gun & so does Sam, The only reason they haven't used them as yet is because I've been careful. They both told me I wouldn't live to see Marion out of Jail & I fear for my life.

Also question Tom Mazie Plas, Joe Harris he also threatened my life, Eddy Harris.

I have applead to Joe Anch (Buggy) as he was a personal friend of my husband & now he is dead.

Please see that whomer is responsible is punished because I have a boy (16) years old & Girl 14 yrs. old, whom I treasurer thier we being, charcter, Grades, Apperance, & attendance at school, & to being citizens, the Commity would be proud to claim, I no longer am interested in doing anything outlaw, or selling stolen Merchandice or stealing, I pledged before "God", Dec. 1st 1945. & I Pray to "God" to gaurd over me & to help me, to Please dear God to save me from such a terribly tragety (death by being shot. If I am to die Please God to be by they Grace & by thy hand. Not by dirty sneaky Jealous Rats. They are not men. Those are the only Persons I've ever had Grieivence with & I've told them about it. I'm not very smart, because I would never have gotten in all this messes & they think am a squealer they re wrong, I no nothing to talk about or seen anything, They are Jealous of being. I trust in God, I know I shall not Perish in their hands. I'm of same mind & I write this of my own free will.

/s/ Mary Bonomo.
