Hon. Ben S. Paulen,  
Governor of Kansas,  
Topeka, Kansas.

Dear Sir:-

I received your letter sometime ago I received your letter sometime ago and would have answered sooner but for the fact that I wanted to go over the County to see how things were lined up. I find things favorable for you, in fact, more so than two years ago. My reason for saying this is, that two years ago William Allen White got several thousand votes, of these 90% of the colored votes and 75% of the white votes will go to you, enabling you to carry Wyandotte County by 10,000.

If there is any place in the State where you think you are a little weak among the colored people, let me know and I will help you as I am known all over the State.

Hoping an early reply, I am,

Yours truly,

Thomas Richards
