St. Louis

Dear Sir:

I am requesting the issuance of a subpoena duces tecum for you, in order that we may produce at the trial of the case of Lucile Bluford v. S.W. Canada in the District Court at Jefferson City, certain issues of the St. Louis CALL published during 1939 and '40. This will require your presence, for the purpose merely of identifying these papers.

As I am quite sure that Mr. Redmond, Mr. Houston and Mr. Espy, opposing counsel, will not insist upon a formal identification of the papers, I suggest that, without removing the issues called for from the bound volume, you permit me to take the entire volume to Jefferson City. I shall undertake full responsibility for it, under the order of the court, and can arrange to call for it Friday noon.

After you have been served with the subpoena and have received this letter, please phone me, so that we may make the necessary arrangements as suggested or otherwise.

Thanking you, I am

Yours very truly,

KT:MG
