Re: Bluford v. Canada, No. 42

Dear Mr. Houston:

I have your letter suggesting that the defendant's action to dismiss the amended complaint may be presented to you on Monday, May 13th, if I am holding Court here on that date. I will not be in Jefferson City on the 13th. I have a regular day each and every month for the hearing of all actions except those which are specially set. This motion will, therefore, automatically go on my motion docket for Saturday, May 4th, as the first Saturday in each month is my motion day here at Jefferson City. If, for any reason, it is inconvenient for you to be here on the 4th of May, it might be passed until the next motion day here at Jefferson City which will be June 1st. Otherwise, we might arrange to take it up on another Saturday other than May 18th. I will be away the entire week of May 13th.

Yours truly,

J. C. Collet.
