TO President F. A. Middlebush

SUBJECT:

Dear President Middlebush:

On our way to the meeting of the University Faculty last week I related to you my conversation with Lucile Bluford, a Negro, who came to my office on one of the registration days for the second semester to renew her application for admission to the Graduate School. I have since had further communications from her. I am enclosing for you and the Board's information, a memorandum of my conversation and copies of subsequent communications.

Very truly yours,

S. W. Canada, Registrar
