Hon. Lloyd C. Stark, Governor, Jefferson City, Missouri.

Dear Governor Stark

Please do not misinterpret my letters; I am not over persistent but I am very apprehensive as to whether the diabolical, two edged sword scheme of Pendergast cohorts, as revealed in my letters of June 27th., 28th., and 30th., have been brot to your attention as I fully realize the tremendous demands upon your time, but I consider it of vital and colossal importance to Judge Douglas whom we are mutually interested in. I am merely deeply concerned in being assured that their artifices as affecting his candidacy in this Circuit are known by you.

Unless prompt and vigorous counteractive measures are adopted and the tide turned in Judges behalf, Jessie James will be reincarnated August 2nd and he will not be allied with Judge Douglas and the results might be so close, that thier strategy if permitted full sway in these five counties might be the deciding factor between defeat and success in the Primary Election.

If I am not asking too much I would be most grateful if you or your Secretary will advise me if the subject matter of my letters as above dated have been received and perused.

Should you be in a position to at the same time inform me the approximate time you contemplate appointing the Circuit Judge, 21st., Judicial Circuit I will be very appreciative as I am holding in abeyance some important plans which affect me professionally pending your action on my application for this appointment.

You may rest emphatically assured Governor, that any information submitted will be regarded as strictly confidential, and, will under no circumstances be divulged.

Most cordially and Douglassly yours,

Roy E. Glidewell
