WPA – Matt Murray

Mr. Governor,

Dear Gov.

I would like to call you attention to a case that should be investigated, a man by name Roy Fulton has always been very busy before election to line up the votes for Pendergast. Roy Fulton is president of the union democratic club and also business agent for the brewery and soft drink workers in Kansas City Mo. On election day he made the brewery workers lay off and told them to work on the polls for Tom and who ever had a car should furnish same free of charge. Now you know a man is not doing things like that for nothing. Roy Fulton has a farm

in the Ozarks and the W.P.A build a 22 acres lake on his farm, the maker is 35 feet deep in the middle now I think this is not using W.P.A work for politics. Now who anforced the work I dont know this is for you to investigate. Hoping to read something about this in the paper soon I remain

Yours truly

I am Taxpaper

P.S. I dont believe Fulton does pay income tax he is getting \$75.00 a week from the union, and he is doing something else beside he is married and has no children.
