BOUGHT, SOLD AND EXCHANGED

June 25th-1938.

Hon. Lloyd W. Stark,
Jefferson City, Mo;

My dear Governor Stark :

As a life-long Democrat, a supporter of yours and a foe of the Pendergast machine, I would like you to have someone with some official authority in connection with these beer places get in touch with me.

A number of the fellows running such places are using their establishments for display rooms for Billings literature and doing too much talking for his candidacy and boosting Pendergast and knocking your administration.

I was in business in Kansas City, in the Waldheim building, for years, lived there in the home now occupied by Matt Murray, whom you know, and I know just what the Pendergast machine have done to property values there, among other ridiculous open

and solicitious gambling houses, horase race rooms, and all, and I— and many other faithful Democrats from here North thru Clinton, DeKalb, Daviess (my old home County) Gentry, and over much of the territory I sell lands in, are for your administration, and for clean government and against the Pendergast outfit clear down the line, and hundreds of my like WILL NOT support any office seeker who has Pendergasts endorsement.

Be glad to have you give this matter your attention as you see fit.

yours very truly,

C. M. Meadows
