Gov. Lloyd Stark
Jefferson City Mo.

Dear Governor:

I am taking this liberty to inform you that a man by the name of John L. Evans working out of the office of the Secretary of State Offas in St Clair Mo Saturday and passing out litutary [literature] for Judge James Billings it seems to me that the state is useing its employees to help fight you and your canadate we are all back of you here and are for James M Douglas 100 per cent, and the way things looks a good evening out in the office of secretary of state would be a good thing for they are very careful to hand out their litutary in seceracy.

I am running fro the Democrat committee woman in central township in franklin co and you can be asuared that I am for you and your ticket

Most sincerely yours,
Mrs James L. Owens
