R. F. D. #5,
Richmond, Mo,

Governor Lloyd C. Stark

Dear Governor:

Just a few lines I overheard a conversation between two of the leading politicians of the machine in Richmond last night and one of them made the remark that T. J. was going to put out a man for each three counties in the State and distribute literature in each voting precinct. Now if Judge Douglas is going to do anything like that I would like to have the job and if not would be glad to distribute his literature in Richmond free of charges.

Wishing you and Judge Douglas success, I remain,

Respectfully,

(Signed) G. E. Happy
