Hon Governor Lloyd C. Stark.

Executive Office.

Jefferson City Mo.

My Dear Governor

Please allow me to commend you on the wonderful job you are finishing for our great State of Missouri and its worthy citizens, in the propounding sermons you are "preaching" broadcast to the people in behalf of Judge Douglas. Would to God the ordained preachers would hearken to their citizen duty in their pulpits this Sunday on the same subject.

The "organization" Jud[g]es are s[t]ill granting court orders for Pendergast's voting thieves, even those that have been dead nearly a year, untill a great percentage of disqualified names are reinstated.

I phoned Mr [Wood?], urgently requesting that every one of them be rechecked. While it looks like the KC Machine will carry this immediate district, I am confident St Louis and out state will win comfortably for Jude Douglas.

I am still kept at home with my sprained ankle, however, I am using my phone and writing letters for the good of the cause, for which I wish well warranted success.

Respectfully Yours

W. H. Waggoner
