Hon. Gov Loyd B. Stark

Jefferson City Mo.

Dear Sir We are for you in your fight for a clean and Honest Government and Elections we are in the Produce Business trying to make an Honest living. We are located just across the street from the office of the City Marshall and where One ward votes. We have seen so much dishonesty in the elections were in the town and township elections. I think the machine is working strong in this town I am a Democrat but I believe in Honest Elections and if possible I wish you would see that we get one here the city Marshall and the young Dems are for the Machine

we know why, because when we had a city election 18 months ago the City Marshal Called a certain No in K.C. and said it looks like we are going to get beat we need a little more money this is hear say. As I said I am a Democrat but not a new dealer as I do not believe in a master and if you dont like it you can go to some foreign country.

Here is to you we think you are on the right track

Yours Truly
