Gov Loyd Stark

Kansas City Mo July, 26/38

Dear Govenor

Heres a card, like many those and are being put out all over K.C, I dropped on this one to see what it was all about. It was little less than a mob meeting for the sole purpose of getting before this old pension people. A mass of dirty lies speech often speech being made. [MS. illegible] the old folks that Jm were trying to pack the supreme court in order to do away with the old folks pension, some may believe many will not believe. But the poison is circulating freely. Also similar cards are being placed in every House warming people that Judge Douglas is an Enemy of labor. These cards are being circulated by persons drawing big salaries from the State Liquor Dep. Here in K.C. Poor old Jo Shannon of Tom & Jo. Fam tried to talk over Radio 8:30 to 8:45 Tuesday night but His talk was so full of miss representation & false hands. Don't think it done much harm. I believe most of the churches are for Jan. & I wish Jan could. Have 8 or 10 speakers on citizens make some Sunday and Monday night talks here to the old people & also to the Colored Folks & labor people. A little more help here will very materially help win. They are a dirty bunch of Liars. Yours truly JR Smith
