Hon. Loyd C. Stark,
Jefferson City, Mo.

Dear Governor:

Replying to your recent letter regarding the campaign:

Wish to say that I certainly admire you for the fight you are putting up, and feel sure you are going to be victorious. People are waking up to the real danger of "Pendergastism" as never before and are with you whole heartedly in this battle to elect Douglas, and I have absolute faith he will go over by big majority.

The "local machine" here is making a strong fight for Billings. Roger Taylor is down here from Jefferson City campaigning for Billings. All the W.P.A. heads are putting up strong fight for Billings, as is Harve Littrell of Willow Springs, District Safety man for this section of the country, but in spite of the efforts of these fellow's in behalf of Billings, I feel sure Douglas will carry this county by good majority.

Rest assured we are doing all possible here to put Douglas over, and are with you as never before.

Very truly yours,
T. S. Clayton
