KANSAS CITY, MO. August 3, 1938.

Hon. Lloyd Stark
Jefferson City, Mo.

My dear Governor:-

Please accept my sincere congratulations on your most wonderful victory. Why not come to Kansas City and break up this insidious ring of Italians and Pendergast workers who are fostering such a string of 200 or 300 gambling houses upon our people, and here at the Stock Yards we have a gambling house directly opposite one of our best National banks. Don't think a situation like this exists in any city in our good country.

Wishing you continued success in your splendid Administration, as Governor, and hoping you are the next United States Senator, I am

Yours very truly,
C. E. Blomquist
