UNION BLVD. AT FOREST PARK
St. Louis, Mo.

Gov Starke,

Dear Sir,

Judging from the killers remarks "Pendergast" against you, it seems the honest voters are in the minority, but just wait & see this brutes finish, it might take 4 years more, but eventually the truth will come out & little Tom will be shown up for what he is, a killer. The better class of K.C. would be glad to see Tom out of power, but they are afraid to talk even afraid to vote against him.

Charitable Tom & his free coal wood & food, even gets the gas turned on, he buys his votes with stolen money, his pals are 90% toughs & thugs & murderers. K.C. voters know this but Pendergast still has too much power & while this past election was quiet, you can bet their still was a lot of stolen votes for Pendergast.

Right eventually will be rewarded & if you make no head way against this crook you still have your own self respect & years to come your record will be honorable & thats worth more to you & your family than to be called Pendergast Jolly Fish Gov. where is that ex Gov Parks now? He sure must be proud of being the pawn of Pendergast. Go talk to K.C. honest people & youll get the truth on Pendergast. We had the Butlers here & it took many years to oust them, but their disgraceful record still stands.

It always was a question to me why politicians cant be honest & its no wonder that big business men don't want to go into politicks.

Most politicians don't think its wrong to steal from Uncle Sam. You at least have make MO voters feel that you are honest & not afraid of Pendergast & his rotten gang & here wishing you & yours much happiness.

A voter.
