Dear Sir

The voting in Kansas City is still crooked. The girls who work get \$200.00 each and as I understand it each of them after receiving a ballot, during the turmoil which is enacted at that period, ask for a ballot a second time. This second ballot is used for the absentees and questionable ghosts.

During the 1938 election at the Visitation School the "sister" of the woman that rented Mrs Morley a room at the corner of 52nd and Grand was out of town but she voted for I saw the colored slips which the Precinct-Captain, a man called "Mack" left in the cafeteria and Mrs Morley, who is a personal friend of Mack's went thru the colored slips. She told me of three that were out of town that she knew personally they were out of town. She is a friend of Carrie Pendergast and

will be if you question her. You can find where she lived at that time and question the woman of the house.

Latshaw was one of the men in charge of the election and I kidded him by asking if the election was straight. Now Shannon isn't a Saint and he had plenty of men and women on the payroll that only drew thier salary. The state Highway Patroll was one and the Court House Mailroom was another.

In former years he was a "killer-killer" with the ladies and had a girl friend on the Social Service list in L.A. but he lost her when "True Love" came along.

I didn't think the Machine could get in the ring again and am sending you this in hopes it will

help you eliminate them.

That gang wrecked my life and I'll be very happy to see them all in St Marys.

Also where are the records that Mary McElroy was supposed to have held?

George Goldman and Pendergast are all the ones left out of the Building steal, the others just died; or did they?

Williams the Sheriff helped a Jewess get an old age pension because her granddaughter works in his office. Simonson I think is the name. She never was a U.S. Citizen and can't speak English. Lives at 1705 Linwood where the Landlady named Kelly is an old time call girl from Denver Colorado.

Am not signing my name for I rather live a while longer and you could have a leak in your office.
