Major Lloyd Stark,
Louisiana, Missouri.

Dear Lloyd:

You may have seen that Guy L. Wade, of 515 East Delmar, this city, has been appointed District Federal Works Progress Administrator for the Springfield District. He has been a close friend of mine for many years. He is a fine man and a splendid democrat.

He was one of Senator Clark's original supporters and has always been one of his most active and enthusiastic workers. He is also a close friend of Dr. Harry Parker of Warrensburg.

Guy will have charge of eighteen counties in South Missouri. His district is one of the largest, if not the largest, in the state.

I know that he is already an admirer of yours and feels very kindly toward your candidacy.

I wish you would write him a letter congratulating him on his appointment. I wish you would get acquainted with him personally, if you have not already met him, as soon as possible. He can be of great help to you. Your friendship with Clark will mean a great deal to him.

Dan has been down here the last few days. Of course he is interested in the set-up. I think I wrote you that he was writing different people here asking that they write Mr. Pendergast urging his endorsement of Dan. I now learn that some of his friends are going to the different county chairmen in this part of the state asking them to write Mr. Pendergast. Of course it is an easy matter to get letters written. You may already know that this is being done. I thought if you did not, it might be well for you to write to all of the Democratic County Chairmen and get as many as possible interested in your candidacy. I can see, of course, that you would not want them to write to Mr. Pendergast or anybody else urging an endorsement of your candidacy, but you can offset such work for other candidates by winning the friendship of such county chairman.

Yours very truly,
Chas. W. Dickey
