Mr. A. Reed Wilson,  
1100 Hickory Street,  
Kansas City, Mo.

Dear Reed:

Thank you so much for your good letter and the pretty things you said about little Miss Katherine Lemoine.

We understand each other perfectly, and we will write all the people on your list except some that we have already written. I saw Fat Whitlow and also George Johnston the other day at the kingdom of Callaway annual banquet. They gave me a fine break and everybody seemed very enthusiastic. In fact, I think we have Callaway County sewed up unless they should have a favorite son, which we know is not in the picture.

Keep the names coming and be sure to note after each one whether or not you have personally interviewed them and know them to be favorable or whether they are just important Democrats.

Everything seems to be moving along in great shape. In fact, some of our people think we are getting too much strength too early but it is mostly all being done quietly and I hope will not draw the fire of all the other candidates.

With my very best personal regards to you and yours, I am

Sincerely yours,  
LLOYD C. STARK.

P.S.

So that your mail will come to my personal attention, please address it to my home, 1401 Georgia Street.
