Mr. Lloyd C. Stark
Louisiana Mo.

Dear Mr. Stark:- You will pardon my extended delay in replying to your letter.

The political atmosphere in this section of the state, at present, seems to be considerable in your favor: How ever there are many leaders who are now committed for fear they will wound the feelings of the "K.C. Machine".

Confidentially, our county organization here in Howell Co are and have always been only active when personal gain is promised or is in sight.

I have most high regard for your business success – my father is in Tarrance purchased much stock from your nursery while living.

I'm palcing a 15 to 25 a[cre] orchard here myself and expect to get trees from "Starks."

You may feel free to consult with me regarding your campaign.

Yours very truly

Carrell Hull
