Hon. Lloyd C. Stark.  
Louisiana Mo.

Dear Mr. Stark.

I have returned today after making two trips to Kansas City in the last week.

I find nothing hut what is favorable, of course T.J. would not commit himse for a few days yet.

The Jackson county court is in the bag as Andy says.

Mr. E. C. (BUCK) Purcell the presiding judge of Jackson county an old friend of mine told me it looked all of the late Francis Wilson supporters are for you.

Mr. Aylward has refused to make the race.

And as near as I can find out he leans to your camp.

In a poll of six Democrat papers located in three different counties located south of Bates of which I visited all were favorable or will be. Anything that you might suggest or summit will he only to glad to do. Enclose you will find a clipping in regattas to Aylwards

withdrawl also a shot that the Republican paper takes at you locally.

Hoping to have some better news for you in a few days as beleive me there is some pressure being brought to bear on T.J.

With the kindest regards & best wishes, I am

Res'y yours

Jack McComb
