Honorable Lloyd Stark,
Louisiana, Mo.

My Dear Sir:-

I am very strongly in favor of your candidacy for Governor.

I was Supervisor of Census of American Business in 1933-34, and Re-appointed Supervisor of the Census of Agriculture in 1934- 35, United Census Bureau. On both of these projects I had the appointing of two hundred and forty enumerators distributed over seventeen counties in southwest Missouri. This, together with my long residence in Springfield affords me a wide acquaintance over this territory.

I should be very pleased to have a personal interview with you at your convenience.

Very sincerely

Arthur F. Smith
