Dear Sir:

I am delighted, to learn that "Uncle Tom" is now behind you. Your popularity left him no other course.

As recently elected president of the Howell County Democratic Club, and member of the State Speakers' Bureau, I can assure you that you will get a whale of a vote in this county.

I might say also, that I have heard many Republicans speak favorably of your candidacy.

Please feel free to call upon me for any information concerning the local situation, which I outlined for you on your visit here.

Very truly yours,
Robert L. Hyder
