Mr. James Pendergast,
1908 Main Street,
Kansas City, Missouri.

My dear Jim:

This is just a note to thank you and Colonel T. J. for your efforts in behalf of Mr. Andrew Murphy, Sr., who is an applicant for a position on the Tax Commission, and Dr. J. B. Unsell, who has applied for the post of Game Commissioner.

I feel confident, from the talk I had with the Governor on Monday, that Mr. Murphy will get his appointment, although it would probably be for the June vacancy instead of the uncompleted term being vacated by Forest Smith.

As to Dr. Unsell's appointment, I am not so sure as it seems the Governor is determined not to make two appointments from Pike County. However if he does not get this appointment, we feel that the Governor will give him the position of Park Superintendent or whatever the second place happens to be if the Legislature decides to make a change.

Assuring you that I greatly appreciate your kindness, and with personal regards, I am
Sincerely,
