Hon. Thos. J. Pendergast,

Confidential

My dear Colonel:

The enclosed documents are self-explanatory. After looking them over will you kindly return same for my files?

Since receiving these I have been somewhat disturbed about the situation. When I was in Jefferson City Friday, I heard certain rumors that I should like to discuss with you regarding a mutual friend of ours.

I expect to be going to visit our Southern Branch Plants before long and I should like to talk over this situation with you for a few minutes on my way to or returning from the Southwest. What time between now and the 16th of December would best suit your convenience? I can arrange my trip accordingly.

Please remember me to Mrs. Pendergast and to your daughter.

With my personal regards and best wishes, I am

Sincerely,
