Major Lloyd C. Stark,

Louisiana, Mo.

Dear Lloyd:

I am enclosing clipping from last week's News- Press regarding the future appointment of Post Master in St. Joseph. I believe this story is near correct and I know that T. J. was in St. Joseph about two weeks ago, and I think he persuaded

Congressman Duncan to make the appointment, as Duncan was endorsed by T.J. last election.

Dave Curtin ran for Mayor two years ago and defeated Doyle Barrow for nomination and was then defeated by John Schuder, Republican. Prior to the last city election John Parkinson was very close to T.J. and managed Doyle Barrow's campaign and when Curtin beat Barrow, Parkinson threw his strength to elect Schuder. This information was sent to T.J. and since that time Parkinson has been on the outs with T.J.

We have another city election next April and if that is not putting things off too long, it might be well to stay quiet until the city election is over.

I received a nice long letter from Sye. It isn't necessary to answer my letters, use your stamps on someone else, for if I want to get any information from you I will ask you.

Any time you want to arrange to be in St. Joseph don't hesitate to write me as I can take care of you out at the house.

Yours truly,
Heine Rix
