Dear Major:

Not having had any reply from my last communication to you I judge you have "been rather busy and have not had the time to write. I see that you were elected a Director of the State Chamber of Commerce. Permit me to congratulate you on the confidence the Business men of the State have in you and the esteem in which they hold you.

I am enclosing a list of the persons that have endorsed us either written or verbally to the Governor and I am still expecting you to help battle for us. There is some rumor that it has been recommended to the Governor that he keep the present ones in the place. We feel that pressure has to be brought on the Governor to save the party with my people as you can readily see that an act of that kind would be an insult on the Negroes that supported the ticket last fall and stand ready to do so again at the call.

Hoping to have an early reply from you I am

Very loyally yours,

Ernest O. Boone
