Dear Major:-

I decided that Tom Pendergast just had to know how this great moral weekly felt about the candidacy of Major Lloyd C. Stark and consequently I had to write him and enclose a Clipping from my paper just exactly as the copy I am mailing you.

I sincerely hope that the letter and the clipping will not cause the old man to withdraw his endorsement of you.

I enjoyed so much seeing you in Kansas City and I hope you enjoyed your visit to Moberly.

I still think you should have come to Kansas City last Friday afternoon in time to have visited the Nelson Art gallery. It would have been nice for you to have made that visit, for it is so cultural to one in the position of being the next governor. Too, it would have been broadening for Dorney and the Lord knows he needs something along that line. Personally I did not go to the art gallery, but I appreciated your sending in the ticket for me to use after it was all over.

How that you are back at work in the nursery business or should be at least, whenever you have anything you want done through here, all you have to do is whistle and it shall

be as you order.

In the meantime, conduct yourself as a governor should and when you can come up to see us, hop up.

Sincerely,

Jack
