

Orrick, Missouri,
April 6, 1936.

Maj. Loyd C. Stark.
Louisana, Missouri.

Dear Mr Stark,

I see where you have been endorsed by T. J. Pendergast for Governor State of Missouri.

I don't think that you could get any better endorsement than T. J. Pendergast, I am holding a forman a forman job on a WPA project in my country, and I am working from fifty to sixty men, I have worked around the laboring class of people practly all of my life. We have around a hundred an fifty miners in this locality, and I believe I can control the miners vote, at least I did duering Mr Harry S. Truman campain. I worked for Mr Truman under Fred Canfil duering his campain. I believe that I was the first man in Ray County to hand out his literature and I also would like to be first man to distribute yours.

I came from a democratic family, and have never voted nothing but a straight democrate ticket, in case you would like to look up my record, you may write to the Ray County Central Democrat Committee in Richmond, Mo. or Fred Canfil in care of the New Jaackson County Court House 12th Oak St. Kansas City, Mo.

Hear is hopping you will he our next Governor.

Sincerly Yours:

Janes F. Stevinson.

Orrick, Mo.
