

April 8th, 1936.

Mr. Leo V. Kanan,
Dist. Supr. WPA,
Equipment Department

St Joseph, Mo.

My dear Mr. Kanan:

Recently in Kansas City I met and talked to my friend, Major Lloyd Stark of Louisiana, Mo. You, of course, are aware Major Stark is a friend of ours and has the support of us all at Kansas City for the Governorship.

In our conversation St Joe was casually mentioned about the recent death of Mr. Starmar. The Major felt deeply about his passing, and I told the Major you were a very good friend of Mr. Pendergast's, also was the Supervisor of Equipment for that District. He asked your address and said when he arrives at a future time on a visit there, he will give you a ring and get acquainted with you.

I am sure you will like the Major very much. He is a fine gentleman, readily met, and the most regular of gentlemen. If you should happen to get a ring some time from the Major, I trust, if he has the time to spend, you take a little while off and introduce him to some of your good Union Labor friends.

With very kind wishes to you, I am,

Your friend,

H/ PH
