Major Lloyd C Stark
Louisiana Mo.,
Dear Major:

I want to congratulate you on your having received the support of the K.C. organization for your nomination for Governor.

I had a feeling of certainty all the time you would be given their support as I told you last spring up at Kirsville.

Even if they had thought of doing otherwise your elarly campaigning gained you so much popularity over the state they could not afford to do anything else. We are doing our bit as opportunity affords itself for we want to see you elected Governor by the largest majority any man ever received.

With my kindest personal regards I am
Your friend
Harl A Garner
