Major Lloyd C. Stark

Dear Major,

I received the Pamphlet and believe every word in it. Only yesterday a Republican said no doubt Stark will get the nomination as he is indorsed by Pendergast. Well I had this to tell him Major Stark had the nomination in one Vest Pocket and his election in the other before Mr Pendergast knew he wanted to run for Gov. and then the wise and only thing for Mr Pendergast to do was to indorse him. Also Pendergast has to much influence to lose any of it on guess won and Major Stark is no guess work and would have gotten the nomination with out any indorsement. The Farmers Fruit Growers and the Ladies who have eaten the Stark Delicious Apples would see to it that Major Stark will be our next Govenor. With best wishes and all I can do for you in my small way I am

Yours Truly

P.S. Did I make it to strong?
