Thursday

Dear Major:

Since leaving Ste Genevieve have lived in St Louis, and Kirkwood. At writing looks as thou will be here for at least three months. Nice to see you, and John, at the Creve Cour meeting Henry around a couple hrs after you left to hear the Crowds comments, only heard the Hirth name mentioned once and by a woman, who had heard him over the radio. Cnnon find any of his strength either in City or County. Come into contact with people from all walks of life, W.P.A., quarries, ready mix plants, Asphalt, sand, night life, political meeting, one most every night, and etc. St. Louis is more Colourful during this coming election than ever before are the democrats ever working on the voters, of course the Rep. are working, but their dry candidate does not appeal to the wets, you should hear some of the truck drivers remarks.

Last election a letter from the Jefferson City office to each of the ten division officers highway stating that any employees of the dep't could go home and vote. Many of the boys like myself might accomplish more if allowed to go home. More over it is a privledge that all free Americans are entitled to.

The highway boys are nearly all for you whether they like it or not, does not hold good with many of the big bosses in said dep't. You should get your hope to look into this, or some one on the side. (letters out of Jeff City.). Letter or no letter I will spend the elec. Day in Marshall, and Saline County.

Hear many nice report of your visits and speeches from various place. Survey need some rain, cuts the crowds down to much, people will not come out during the hot weather. The last two evening's have been cloudy, but no rain. Causes many death, and much suffering in St Louis.

The farmers should get back of Ross all the more now, as his policies have all been directed to help their cause. The working man in the cities are for him whether their industrial boses are for him or not. Certainly appreciate your hard work, camp the state, and the neglected family.

With the best of wish to you and all

Always
