Dear Sir: -

Just a brief missive to bet you know I am still interested in your campaign for Governor. True enough I am here in the law school, but when the said term expires, I will return to my home in the State of Missouri. I hear very often from the Club I organized prior to my coming here to law school, which is established in Liberty, Mo.

I am sure I can be of much service to you in the coming summer months, and I would appreciate the opportunity of having to many other towns all over the State of Missouri and making speeches among my Race of people in your behalf. I have had lots of experience along this line. If you will or care to consider me to act in such a capacity for you I will present other suggestions to you that will be of great help to you in securing support from Colored voters of Missouri.

I trust you are in splendid health. I also hope you will consider me to assist you in becoming our next Governor of the State of Missouri. If you are interested in my program, I'll appreciate a response form you in the near future, and I will perfect my program and plans in your behalf. Wishing for you success and with very sincere wish.

I am,

Yours truly,

Robert E. Waldron Jr., A.B.

P.S. May I hear from you soon?
