Hon. Lloyd Stark,

Louisiana, Mo.

Dear Major Stark;

Doubtless you had an avalanche of wires, letters etc. congratulating you on having things political so nicely in hand that the "Big Boys" of K.C. had to get "on the wagon"- or else.

My note for that purpose is somewhat belated but none the less sincere.

I cant believe the Repubs have anything in stock that will keep you from being our next Governor, but accidents sometimes happen hence I'm trusting you will so supervise the organization of your field forces that nothing will be left undone which may help in giving them a good cleaning a year from date.

Sincere regards to you and Andrew Murphy— and other Piker friends.

If I can be of service at any time command me.

Truly yours,

Frank Lair
