K.C. MO.

Dear Governor Stark:

Why not keep up the good work and insist that all nit Clubs Close at 2 O'Clock and gambling stay Closed.

I am not a reformer or a coalitionist but a democrat and an employee in one of the nite Clubs here in town.

If you could see conditions as I do there is no doubt in my mind you would enforce these laws.

Working men that lose their entire pay checks wee after week with dependents at home that have scarcely enough to eat, also the drunks that patronize nite clubs after 2 O'Clock in the morning.

Governor Stark you would not only help the people by this enforcement, you will also help yourself because the state would then see you as the fine upright person I know you are.

Sincerely yours,

A friend.
