Governor Stark: -

I really wanted to hear you last evening. But could not make it. I am a Republican worker, & do serve as a clerk in the 11<sup>th</sup> Ward. Your man Douglas is a real man, & I for one Republican, think him that. But he is sure to be counted out.

I have worked 14 years as a Judge or Clerk. I have known & seen too many counted out. The Democrats at a

Primary here in KC insist in counting their own. Which they do as the Rep- Judges haven't gut enough to stand Pat They never do[.] Count the ballots, as we do. Just give each so much, & etc now. The election of Committee man & committee woman should never be at Primary time. They simply give the Democrats what they want in order to put over the parties in control.

[page 3]

Now last night at our Republican meeting I heard Hazel Campbell & Lancaster was to beat Mrs Smith & her running mate because Mrs Campbell had a deal on with Tim Maran, give the Democrats what they wanted, to stuff ballot box for their man against Douglas so The Clark & Judges of Rep- party could do likewise for Mrs

Campbell & Lancaster They have done this for years. Hazel appoints the Judges & Clerks, & in Return they are compelled to charge the Court in her favor. When they don't she takes them out. She personally interviewed each one with orders. She was only defeated once 2 years ago. When she fell out with Jim Pendergast, who is her neighbor. She has had that grafting position for past 12 years.

If you could

communicate with Mrs Smith her opponent. You could get a list of names in City Election who she was supposed to payed not \$9000.00 money granted to ward. She & a Mr Woods has this information & not one person in lest she turned [MS. Illegible]

appointed to Judges & Clerks in each ward where there are committee fights. I got my orders, but am going to ask for my vacation & be out of town. I won't pad any box, or miscount votes for her or any one else.

That has been a practice here, for the 14 years I've work on Elections & is City wide practice. the machine gets their man because they fix it so the Rep Committee man & woman get Elected. I do admire you & your man Douglas

P.S. Jim Pendergast used to run the 11<sup>th</sup> Ward but since getting a better control of organization Tim Maran runs same, & does operate one of the worst dives in KC at 31 & Prospect, a Booze & gambling Joint where even minors can drink & play. I personally know of one minor, who spent his folks salary check, at dice tables in Tim Marans place, & this is the kind of a man who runs the 11<sup>th</sup> Ward

for the Democrats.
