Pushes C. K. Burroughs

For Business Manager

Dr. W. F. McCarthy, county health department head, and recently appointed superintendent of the Jack- son County Home for Aged, expects to introduce C. K. Burroughs, Independence, to members of the County Court when they meet tomorrow at the Independence Courthouse.

McCarthy has recommended Burroughs for appointment as business manager for the home. He said Burroughs has the approval of the State Health Department, to whom the name was submitted, as well as his own.

The County Court told Dr. McCarthy, he said, that he is to have a free hand in making necessary changes at the Home for Aged.

Burroughs, 50 years old, is an employee of the Missouri Social Service Department, connected with the county office at Independence.
