Governor Guy B. Park
Jefferson City,
Missouri

Dear Governor Park:

There has been a concerted move and effort on the part of Mayors and Public Officials along the Missouri river to get funds released to continue the Missouri river improvement and flood control work. I would like to take this opportunity of asking you in behalf of Mr. Pendergast to wire President Roosevelt requesting that funds for Missouri river improvement and flood control work Be released as soon as possible in order to aid the unemployment situation. This would immediately create rapid employment for thousands of men throughout our state as well as some neighboring states.

I would appreciate very much your attention to this matter.

Yours very truly,
M. V. Ross
M. Ross.
