

Parkville, Mo. November 8th, 1933

Hon. Guy B. Park. Governor.
Jefferson City Mo.

Dear Governor Park;

Several weeks ago, my Brother Pat Breen wrote to you in regard to an appointment but to date, he says he has not heard from you. The appointment is on the Food and Drug department and this was promised me by Mr T.J. Pendergast with your approval. Mr Pendergast said that he would include my name on his list for this department. My residence and voting precinct is in Kansas City and I assure you any consideration that you care to give me on this appointment, will be appreciated and the position given every attention, if my appointment is approved by you.

Thanking you in advance for your consideration in this appointment, I beg to remain,

Very respectfully,
John M. Breen
609 East 9th St
Kansas Ciy Mo.
