Dear Mr wilson;

Thought I would drop you another line before the primary and enclose you a sample of the letters I have been sending out to people who I think are big enough to face the facts as they are, I hope the tone of it will get them ts see the LIGHT in the true form. I also hope it meets with your approval.

I have had several replys that are favorable to your cause among them is a letter from Mr Joe Kennedy of Marshall who was Clerk of the House the last assembly, He says Saline Co is safe for you,

Trusting that you are enjoying good health and added assurance of your victory , I want to make my next letter one of congratulations on about Aug the 3rd, until then,

I beg to remain Very Truly Yours

Dear Friend;

Well the Chicago Convention is over and from the general expression and comment we hear, I think most of the people in this part of the country are more than satisfied with the standard hearers of the party, and from the way Mr Hide and Senator Fess opened up on Gov Roosevelts speach of acceptance they intend to make the strongest possible fight to

retain all the power they now hold, and dont forget they have all the good newspapers to spread their propaganda with, and this brings me to the point that I want to discuss regarding the Candidate for Governor, of Mo, Mr Dearmont has enlisted the favor of the Kansas City Star in his attempt to get the nomination against Mr F. Wilson under the pretence that Mr. Wilson is a machine candidate and Mr Dearmont is going about the State preaching against what he calls Bossism and the Pendegast Machine, I want to ask you who the Star will support after the nomination, If Mr Dearmont should be nominated would The Star support him or the Republican nominee, I think any Democrat knows who without further argument , Mr Dearmont has sown a lot of dissention in the party when we need harmony, it would be impossible for him to unite the voters if he was to be nominat ed the machine as he calls it would not support him and he would be defeated , and that is the only reason the Star is supporting him, for the nomination, they know he wouldbe the means of another Republica Governor, now on the other hand my friend F. Wilson was the parties choice four years a go you know how much he ran ahead of the ticket and most Democrats know that if he is elected that he will be the Governor, and the kind we need, a plain man for the plain people and he will seek council but he willnot be controlled by Mr Pendegast or any one else, his past record shows that, and he will help to carry Missouri back to the Democratic party where she belongs,

I am sure you will give this some thought and your careful consideration, remember twelve years ago all the republicans wanted a change , well we have had it and I think the Democratic party is going to change it this November so lets nominate a strong man for Governor in MrF.Wilson

Very truly Yours
