MR. GEORGE G. VEST,
ST. LOUIS, MO.

My dear George:

I talked to Greenwade again today about your candidacy for Congress. He is going to Kansas City in a few days. He promised me he would tell Pendergast that you are the only one of all the candidates he is interested in and will consider it a great favor if he will support you.

If there are any others you can have put pressure on Pendergast you had better do so a once. If you get his support I believe your nomination will be assured.

I will let you know what success Greenwade has. Keep me advised of the situation.

Sincerely yours,
