Mr. E. Y. Mitchell,
Assistant Secretary of Commerce,
Washington, D.C.

Dear Mr. Mitchell:

Am sending you some newspaper clippings that I thought might interest you.

I call your especial attention to the Star-Times editorial in which they show up Senator Glass of Virginia in true fashion.

For sometime Ruby Hulen has been talked of as a candidate for the U.S. Senate. He is a personal friend of Bennett Clark and will get all the support of the Clark Federal crowd. Clark does not want any Pendergast Senator to compromise with; as it is now he is the whole Boss, but if Pendergast's Senator gets in, it will be fight or compromise. Hulen will fit in the Clark Dynasty.

Hulen never can be nominated without Clark and if he is nominated, he will be so deeply indebted to him, he will naturally say Amen at Clark's beck and call. 95% of the rank and file of the Democratic party had rather Clark than Pendergast have the say so.

Yours truly,
G. H. Foree
