Senator Harry S. Truman,  
Senate Office Bldg.,  
Washington, D.C.

Dear Harry?

I understand that Hell Williams is going to be given another job under Mr. Murray. That will leave open his present position as Veterans' Placement Officer for the State of Missouri.

I am extremely anxious that we get a good man for this job. So far as I am able to ascertain, Williams has accomplished absolutely nothing for the benefit of the veterans. Undoubtedly you are familiar with the fact that Mr. O. D. Hollenbeck, Director of Veterans' Placement Service, Department of Labor, Washington, D. C., is the man to contact in making your recommendation for Williams' successor. As you well know, Mr. Murray recommends Mr. Charles Medley of Jackson as a suitable man to take Williams' place. You will recall we discussed this matter with Mr. Murray when you were in Kansas City recently. I hope you will be able to secure this appointment.

With best wishes, I remain

Very sincerely yours,

W. A. Kitchen,

WAK:VM

Department Commander
