Col. R. E. Truman 5106 Garfield Ave.

Kansas City, Missouri

Dear Ralph:

I am just writing you to let you know that my agreement with you in our relationship is over.

I expected you to fulfill your agreement with Milligan and vote and work for him, but I did not expect you to make a personal proposition of it. You are the only member of the family, even to the degree of a fourth cousin who found it necessary to use the name for simple, publicity purposes.

You could have under no circumstances, obtained the publicity in the Star if your name had not been Truman, and if you had not made rash statements about campaign contributions and things of that sort, which have no foundation, in fact.

I never want to see or hear of you again. I am writing you before the election is over, and win or lose, the condition will be just the same.

Yours truly,
